

Community Housing

Creating affordable rental housing for Sanders County

IMPACT REPORT 2023

Modern affordable housing attracts a wide, diverse range of residents and is built of quality that matches or sometimes exceeds that of market-rate housing. Not only that, but affordable housing can be a much-needed boon to local, neighborhood businesses and larger companies alike.

Richard Burns, Forbes Councils Member, Forbes Biz Council, Jan. 6, 2020

Affordable housing is the backbone of a thriving community

WHO WE SERVE

Over **67%** of businesses surveyed feel that housing is the most critical or serious problem facing Sanders County.

And over **93%** of businesses see employees having difficult finding affordable housing.

- 10** households
- 22** Sanders County residents
- 6** workforce supporting our community employers
- 8** children under 18 years of age, supporting local schools
- 5** seniors, supporting our community history and goodwill
- 3** disabled, supporting the local economy

Housing Needs Assessment, updated 2021

WITH YOUR SUPPORT ...

We can fill this space with working families, retired seniors, and school-aged children, all community members supporting our locally owned and operated businesses. Economic development begins the day with safe, decent, and affordable housing.

Your valuable expertise can enrich the board's strategic decisions, fostering innovation and ensuring long-term success.

Your monthly or annual donation can help transform lives, support communities, and fuel vital initiatives, creating lasting societal impact.

2023 SUPPORT

Thanks to a wonderful corporate neighbor, Avista, and generous sponsors and donors in Montana and Idaho, we raised \$25,134 at the 2023 Avista Charity Golf Tournament and Silent Auction.
